

ADVANTAGES FOR YOU

Our offer for an outstanding certification!

- Washing processes monitored year-round
- Compliance with the defined framework conditions and values for the quality and test regulations RAL-GZ 992 – always based on state-of-the-art science and technology
- Efficient quality management with consistent self monitoring
- Regular, unannounced site inspections performed by the certification authorities
- Regular training opportunities for laundry companies in the areas of quality, processes and hygiene

ABOUT US

RESPONSIBLE BODY FOR RAL MARK 992

The responsible body for the RAL Quality Certification Mark 992 is the German Certification Association for Professional Textile Services, with more than 400 affiliated textile services companies that would like to clearly display their special commitment to their customers. As a customer of one of these companies, you also benefit from the know-how and wealth of experience of the community.

YOUR KEY TO EXCEPTIONAL QUALITY

- Year-round external monitoring **for the quality assurance system**.
 - The RAL Quality Certification Mark RAL-GZ 992/1 provides you with **defined** and **reliable quality** for linen from **the hotel industry, catering, industry** and **the trade sector**.
 - For our RAL certified laundries, that means that they must guarantee **proof of their own process management** at all times.
 - Process management means: permanent, efficient quality assurance with optimized process flows and work procedures.
 - Benefit from the know-how of a large community with more than 400 affiliated laundry companies.
- Find laundries with the quality certification mark in your area:
